(b) In progress

(i) Process Evaluation of Skill for Job project in Nigeria. (2014- till date). This study is interested in assessing whether all necessary technical and operational process expected to be followed by implementing agencies of Skill for Job component of the Youth Employment and Social Support Operation was followed. A technical and operational assessment of the Skill for Job component of the operation is therefore to be carried out in the next one year in order to determine whether required process of project implementation schedule is being followed or not. Data for this study will be collected in all the seven states presently implementing the Skill for Job project in Nigeria

(c) Dissertation and Thesis

(i) A Recursive Analysis of Enterprise Combinations among Cocoa Farming Households in Ondo State, Nigeria. Unpublished Ph.D Thesis, Department of Agricultural Economics, University of Ibadan, Ibadan, Nigeria May 2000.
